AllWood™ Construction Series

**Construction Code AW**

Premier™ Series construction is finely crafted with quality and affordability. This budget conscious choice doesn’t sacrifice style or quality.

**Benefits of AllWood construction include:**

- Incredible durability and strength from all hardwood plywood box construction
- Resistance to swelling from water exposure
- Easy maintenance and cleaning of interior protected by a clear coat sealer finish

AllWood construction may be ordered with any of the construction upgrade options shown above.

Upgrade options are not standard and must be purchased individually.
