ORGANIZED SOLUTIONS FOR ALL YOUR CABINETRY NEEDS
Organization is a key ingredient of a well-designed kitchen. Introducing Elements® by Echelon Cabinetry. Our line of organization solutions allows you to easily create a kitchen that maximizes your space and creates an efficient, organized and beautiful environment for the room that is the center of your home.

Elements® is organized into five zones in the kitchen that represent your key activities – Food Storage, Prep, Cooking, Tableware Storage and Cleaning. An additional zone, Other Spaces, represents bath, laundry, and home office solutions.

Use as many products in combination as you need to create your perfect environment. Elements® lets you see what is possible to design your space and redefine your kitchen.
Elements® creates a perfectly zoned kitchen which simplifies the daily and ever important task of meal preparation and clean up. This allows you more time to do what matters most, spending time and connecting with your family and friends.

**Food Storage** - Manage your food stock with supplemental food storage compartments with easy access to your pantry. Can incorporate refrigeration.

**Prep Zone** - This efficient zone organizes and stores essential food prep accessories like cutting boards, kitchen utensils, containers, and small appliances.

**Cooking Zone** - Celebrate the convenience of everyday efficiency. Pots and pans, oils, spices – all within easy reach. Everything, just where you want it.

**Tableware Storage** - Welcome to storage central. Plates, glasses, utensils and linens all organized by function and within easy reach.

**Cleaning Zone** - Simplify your life. The dishwashing area can be organized with easy access to adjacent trash, recycling, and cleaning products.
Never run out of your essentials - with Elements® Food Storage solutions, all your food is easy to view and access. Located near the refrigerator, this zone is comprised of pantries, pull-out shelves and lazy susans.

Locate this zone near your microwave and eating area to ensure convenient and happy snack times.

NOTICE:
The product specifications appearing herein supersede and cancel all previous sheets, supplements and addenda, and represent current manufacturing standards and procedures. Echelon Cabinetry reserves the right to make specification changes for continued product improvement.

For aesthetic considerations the furniture and cabinet industries have made veneer on composite panel substrate the standard method of construction for raised panel in-frame doors in some wood species. Within the Echelon Cabinetry product line, those species include oak, birch, and maple.

NOTE: Due to printing limitations, color pictures cannot be guaranteed to exactly match the actual cabinet material.
